Straps: try on costume, if straps are loose and not adjustable, a small tack stitch is needed to shorten the strap to the proper length
Attach skirt –If skirt is loose and falling down, attach the skirt with several small tack stitches, one front, one back, and one on each side

Attach Belt- if there is a belt with a moveable buckle, sew the buckle in place with several small hand stitches. **Hem Pants - boys**

Hair: For classes- 9,11,24, 42, 56,57,58,59. Pull hair straight back to a higher center bun. The bun should show slightly when looking at the dancer from the front. It should not be directly on the top of the head.

All other classes- left part, low bun just above nape of neck.

For both styles, use a hair net to secure bun if needed. Spray all wispy hairs

Hairpiece: If a hairpiece is included it is pinned to the dancers right side, just to the side of the bun. We will not use hairpieces that are an elastic band with some rhinestones on them, these tend to pull the bun out and are hard to change during quick costume changes.
